Assets, over - - \$32,000,000 LEWIS C. GROVER, Pres't,

L. SPENCER GOBLE, Vice President; EDWARD A. STRONG, Secretary; BENJ. C. MILLER, Treasurer.

Policies in Force January 1, 1875, 41,302; Insuring \$132,000,000.

THIS IS THE THIRD LARGEST COMPANY IN THE WORLD, AND PAYS THE Largest Dividends to its Policy holders.

This Company's average dividends for the last thirty years have been higher, and its average expense for same time have been lower than any other Company in the United States.

All kinds of approved policies issued. Not having any Senthern class, parties insaring in this o d and sterling institution receive the same dividends as the Northern Policy-holders. Policies non-forisitable after payment of second year's premium.

Wher as, Within the past seven years, forty-one weak or worthiness Life Insurance Companies have been excluded from the State by orders of the Insurance Department; and Whereas. There is scool reason to believe that within the next seven years many more of a like warthless character will be force to retire.

This message is issued to admonish the citizens of Tennessee, and so far as may be to save them from less in consequence thereof.

Io guile the citizens of the State in the selection of the best Life Insurance Companies, we farnish the following practical linearation of their comparative merits:

In doing this we emphatically disclaim any suffriendliness toward any company, or any desire to igjure any. Referring to the Massachusetts Insurance Reports of 1574, we select three of the best and three of the poorer class of companies:

RATIO OF RIPERSE TO INCOME YEON 1886 TO 1573, INCLUSIVE.

BATIO OF REPERSE TO INCOME VEOM 1856 TO 1873, INCLUSIVE. 10.33 Continental... 10.80 Washington...

Mutual Benefit.

10.30 Continental.

10.30 Washington.

21.57

It will be noticed the the ratio of expense of the last three companies were more than double that of the first three. Notice, now, the relative percentage or dividends paid by the same companies to their policy holders since the corranization of each:

Mutual Benefit.

33 25 Continental.

14.40

Mutual Benefit.

34 27 Washington.

14.40

Mitual Life.

15 Washington.

16 Washington.

16 Which Every American Will be Proud of Extended and the dividends paid to policy hiders by the last three-companies are dividends that makes the difference in the cost of Life Insurance. It is this difference in the cost of Life Insurance. The Mutual Benefit, with an average return dividend of 35 per cont. furnishes its policy holders.

Money paid for Life Insurance is well invested when paid to bush a company as the Mutual Benefit, but worse than thrown away when paid to the weak or worthless institutions too often presented for public patronage.

We will give prompt attention to applications for insurance or for agencies in this company, and will also be glad to furnish information in regard to Life Insurance in any form, or as regards the chara-ter and standing of any company.

We especially caution the public against a horder of modern fallacies and new forms introduced by weak and in some cases by worthless companies. Before investing in anything of the first three companies will invested when paid to the weak or worthless institutions to make public.

SPECIAL NOTICE

A Health Promoting Stimulant.

Physicians, who certainly ought to be the best judges of such matters, declare that wholesome stimulation is not only desirable, but essential in many instances. When the jumporary good effect of a sound etimulant is confirmed and rendered permanent, as in the case of Hostetter's Stomach Bitters, by the action of tonic and alterative principles combined with it, it becomes infinitely more efficacious as a renovant of physical energy and a corrective of those conditions of the body

COUCH BALSAM.

Balsam Wild (h-rry and Wood Naptna for Coughs, Colds, Consumption, Bronchitis, and all Diseases of the Throat and Lungs, This unequaled preparation is paying the usual penalty of merit, and we would warn buyers to be cautious in receiving the assertions of unercapulous parties claiming to have "the same thus," or "made in the same way," or "just as good."

We are now nearing a season when a Cosqui Balsain is placed on its morits, and when cold days and nights, and rainy weather calls upon a cough preparation to prove its efficacy, and no other medicine will answer the same purpose as Williams' Balsain for the immediate relief of the diseases for which it is one considered to the public for all complainy a srising from diseases of the Threat and Lungs. Try it and be convinced of its magical effect. If you cannot obtain it from your druggish, send to us and we will forward it.

All whitesale orders addressed to C. C. Wars & Bro. Memphis, Tenn., will sective present attention.

Respectfully, E. C. WARD & BRO.
